

# Custom Vinyl Decal

## APPLICATION INSTRUCTIONS

BEFORE YOU START CLEAN THE HEADER SURFACE WITH A CLOTH TO REMOVE ANY ACCESS DUST OR FINGERPRINTS!

**STEP 1:**  
Go over the clear transfer tape with a credit card to ensure the lettering is firmly adhered.

**STEP 2:**  
Very slowly pull off the white paper backing. Make sure the decal sticks to the front paper.

**STEP 3:**  
Carefully line up where you want to place your design (note: decal will stick as soon as it touches down!)

**STEP 4:**  
Use your credit card and smooth it out. Apply pressure with credit card and slide firmly across surface to remove bubbles

**STEP 5:**  
Last step, your almost there! Slowly and carefully peel away the transfer tape. Make sure the decal remains behind!

Easily peels off if you want to replace or change things up! For video instructions please visit [www.1thrive.com/pages/FAQ](http://www.1thrive.com/pages/FAQ)
